

5-Star Polled Hereford Sale Set For May 8

Hillbore, TX - The Annual 5-Star Polled Hereford Sale will be held May 8, 1983 at the Simpson Polled Hereford Ranch at Hillbore, Texas.

Selling will be an outstanding offering of Polled Hereford Cattle from the herds of Jack & Barbara Simpson, Glen and Lillian Allen, Moran's Polled Hereford, Hubbard's Polled Herefords and May Four Farms. Both bulls and females will be selling.

Auctioneers will be Eddie Sims and Jim Birdwell.

For information and catalogs contact Mike will be provided by "Rimfire". Tickets for this event are on sale for \$27.00 a person.

Kicking off the week will be committee meetings of the board of directors beginning at 7:00 a.m. through noon on February 22. The winter board meeting will begin at 1:00 p.m. on Tuesday, February 22, followed by the annual membership meeting on Friday, February 25. Members will then hear reports from their standing committees, as well as reports from Frank D. Connell, ABHA President, and Wendell Schronk, Executive Vice-President of the association.

In addition, the Ladies of the ABHA (L'ABBA) will be hosting a shopping shuttle from the Astro Village to the Saks and Galleria shopping centers on Tuesday, February 22. Tonnies can also be arranged at the University Club through the L'ABBA. Reservations are requested. The L'ABBA annual meeting will be held on Wednesday, February 23, and will feature special guest speaker Joyce Gibson Roach, author of the book "The Cowgirls", who will give a humorous talk on ranch wives and country women.

A registration and information desk will be open in the lobby of the Astro Village Hotel from 8:00 a.m. until 5:00 p.m. on Monday, February 21, and during the same hours for the remainder of the week.

Members will receive a packet of convention materials and a detailed agenda in early January. For further information, contact the ABHA office in Houston at (713) 795-4444.

TBA Plans for Convention/Sale

The Texas Brahman Association is currently making plans for their annual convention and annual halter sale for 1983.

The convention will be held in conjunction with the Texas Jr. Brahman Association State Show and the All American Jr. Brahman National show in Brenham, Texas the third week of July. The tentative dates for the convention and sale are being studied at the present with dates of July 18-20 being considered heavily.

Heifer Sale will have Twenty Lots of the best of the breed in the sale as consignments are now being taken from the TBA membership. Any TBA member wishing to consign to this sale should contact Jim D. Brown and consign their animals as soon as possible. The ages of the consignments must be at least one year of age and not older than four years of age. All animals must be haltered and a \$100.00 nomination fee submitted with the nomination. The deadline for nominations is Jan. 31, 1983.

Gulf Coast TLBA Plans First Sale

The Texas Longhorn Breeders Gulf Coast will hold their first annual cattle

sale on Saturday, April 23, 1983 in conjunction with the L.H. Ranch Neighbors Sale.

The event will be held at the excellent new facility of the Houston Farm and Ranch Club Bear Creek Park in Houston.

Eddie Wood will be the auctioneer, announced W.O. Bill Reed, sales chairman. Maudeen Marks is named sales manager.

The TLBGC has also completed arrangements with the Houston Livestock Show to hold a sale in 1984. A maximum of fifty superb animals will be offered.

Plans are underway for other Texas Longhorn cattle exposure at the Houston show, announced Darrel Wilson, president.

Although the Gulf Coast association is dedicated to the promotion of the

Texas Longhorn primarily in its geographical area, it will enlist the cooperation of all breeders in the membership of the national Texas Longhorn Breeders Association.

Largest Livestock Exhibition, All-Star Entertainers, Livestock Sales, Variety Of Special Events, International Flavor

The Houston Livestock Show and Rodeo has combined a unique mixture of elements and come up with a winning formula for success. Combining equal parts of excitement, entertainment and education, the Show presents a two week long extravaganza that thrills hundreds of thousands of spectators and provides the foundation for the Show's continuing support for young people and for education.

Achieving this rare status of the "biggest and best" show of its kind in the world has required the enthusiasm and support of the nation's fourth largest city. No other event, anywhere in the country, seems to marshal the forces of civic pride and community support quite like the Houston Show.

Though the Show is known worldwide as a championship rodeo and the world's largest livestock show, it is much more. It is a montage of colorful and exciting events against the backdrop of livestock judging and rodeo competition.

Putting on the Show is a year-long job that involves the time and energy of thousands of volunteers and their commitment and dedication really pays off in the spectacular procession of activities which surround the Show.

Which of the pre-show activities, known as Go Texan Days, only serves to whet the appetite for fans and friends of the Show. Whether you're native born or a naturalized transplant, everyone gets into the spirit of the Show through Go Texan Days.

But, the action really starts a few days before the Houston Livestock Show and Rodeo hosts the National Cutting Horse Association World's Champion Futurity, February 17-20 in the Houston Arena. With the largest audience money cutting in the world, this event is sure to draw the top cutting horses in the event that is open to the world.

On the grounds, the colorful sights and sounds of special contests steadily draw spectators to see just what is going on. Contestants in the world's championship barrel-racing contest are checked in and get ready to cook on Saturday the 19th, with judging for the best cook of all to take place on Sunday, February 20. Fiddling contests are scheduled for both Saturday and Sunday. Also, Sunday, the whistling contest will determine just who has the best technique in providing music this old fashioned way. Adding to the excitement of the events scheduled that first weekend are two horseshoe pitching contests and a hay-balling contest.

Monday, Feb. 21, marks the beginning of livestock show competition. The Houston Show has long held the title of the world's largest livestock show and 1983 will be no exception. More than 29,000 entries will again fill the Astrohall to capacity with the finest livestock to be found anywhere. Premiums available to exhibitors total more than \$900,000 and the prestige that goes with winning a coveted blue ribbon at Houston is almost immeasurable in the industry.

The first week of competition is devoted primarily to professional breeders and livestock producers from throughout the country, their prize stock will be seen by cattlemen from throughout the United States and some 36 foreign countries.

Thirteen independent breed cattle associations and three horse associations will sponsor auction sales to be held in conjunction with the Show.

The Show, however, does sponsor all the sales of market animals exhibited by junior exhibitors, as well as a commercial heifer and a registered range bull sale which attracts livestock raisers from throughout the Gulf Coast.

Steele Wright, chairman of the board of Texas Farm Products, Nacogdoches, has been named winner of the Bill

Countless hours of patient and hard work go into the preparation of a show animal.

In 1978 the Show became the largest donor of agricultural scholarships in the United States. Today, the Show's commitment to its annual scholarship program stands in excess of \$2.5 million. Annually, the Show awards 100 four-year scholarships valued at \$6,000 each. These awards are divided evenly between 4-H and FFA winners. Additionally, 20 graduate assistantships, two doctoral students and 65 one year \$1,500 awards are made. Thus, the Show annually commits more than \$820,000 to this phase of its scholarship program. On top of all this is the Show's endowed scholarship program. This benefits students who did not receive assistance through the annual program. Privately of benefit to upperclassmen, the endowed scholarships are made possible by one-time gifts from the Show.

Thousands Sold! ONLY \$49.95 as seen on TV!!

"If you're like me, you've spent a lot of hours mending fences using come-alongs, pieces of pipe or just about anything else you could get your hands on. It's a back-breaking, knuckle-busting, time-thieving chore. right? Well, I just figured there had to be an easier way. So back in 1980, we put our heads together and started tinkering around with some ideas on our cattle ranch near San Saba, Texas. We did a lot of experimenting and modifying until we knew we had invented a tool that really worked on loose fences. I named it the Texas Fence Fixer and we used it around the ranch for over a year. We even let our neighbors try it. When they said they liked it, we knew we had something. Then in January of 1982 we made up about 40 of 'em and went to a farm & ranch show to demonstrate how it could save a lot of time and trouble. We not only sold those 40 but we got orders for 300 more! I guess folks really liked it. To make a long story short, we now have a company called Ranch Country Products and the Texas Fence Fixer is available to farmers and ranchers everywhere. Believe me, it's the fastest, easiest, safest and surest way to fix a fence. You don't have to remove any staples or tie wires. And you can use it anywhere along the fence line. It works on barbed wire, electric fence wire, horse fencing or net wire. It's especially useful on watergaps and short runs such as garden fence, corral fences and turning wings. It's easy to use and once you get the hang of it, it takes about 30 seconds. The Texas Fence Fixer is made with the highest quality American-made materials and craftsmanship. It comes with an unconditional lifetime money-back guarantee. At Ranch Country Products, we believe in the grass roots idea of good old fashioned quality and dependability in tools that help farmers and ranchers do a job easier, faster or better. Just look how easy it is to use the Texas Fence Fixer. LIFETIME GUARANTEE. IF, FOR ANY REASON, YOUR TEXAS FENCE FIXER FAILS TO PERFORM TO YOUR SATISFACTION, RETURN IT TO RANCH COUNTRY PRODUCTS FOR REPLACEMENT OR FULL REFUND. Worth, L. Dean Hancock, Fort Worth, and Carl Lehmann, Hamshire. Heisterly became a registered Angus breeder when performance recording was introduced as a super tool for upgrading beef animals. Using records to make intelligent selections was not new to Casey. He had been involved from the beginning to its successful conclusion in another agriculture revolution which brought a product up to its peak and it has held steady since. The value of genetic engineering had been seen, and methods of coddling the beef cow into revealing her secrets of giving her most in a given environment continues to be Casey's number one pursuit.

In 1973 a linear measurement system, developed by and for the Heisterly Ranch, was put to use. This method is believed to hold the most promise as an effective tool to move beef cattle quickly into different physical positions when

needed. The Heisterly Ranch is now involved in what they believe to be the last move

needed to stabilize a given beef breed for all time. The development and holding separate two types of animals within a breed. Without this method, selecting into a corner and selecting out will be with us forever.

Casey has been a director of the Texas Sheep and Goat Raisers Association for 20 years. Co-founded the San Saba County Property Owners Association.

Brahman News...

BRUCE LOWRIE

Texas Brahman News

By Bruce Lowrie, Vice-President
Texas Brahman Assn.

The Texas Brahman Association is composed of over four hundred members and is the largest organization of its type working within the American Brahman Breeders Association framework.

The association has contributed substantially towards promotion of Brahman cattle in Texas with activities such as scholarships for deserving youths, a haltered heifer sale, summer conventions, video and pictorial promotion at major livestock events and a breeders roster.

Plans are now being finalized for the second annual haltered heifer sale to be held in conjunction with the TBA Convention the third week in July. Nominations are being accepted from TBA members for the prestigious sale.

The following criteria have been announced for nominations to the sale: \$100 nomination fee, minimum age of one year and not more than three years.

International Brahman Sale at Houston Show Set for February 24

Houston - The 2nd International Brahman Sale will be held Thursday, February 24, 1983. Sale time is 2:00 p.m. Selling will be 27 lots including 7 bulls and 20 females.

Auctioneer will be Stanley Stout. Other Brahman activities scheduled in conjunction with the sale are the International Brahman Show - Female judging at 8:00 a.m. February 23 and the International Brahman Show Bull judging at 8:00 a.m. February 24. A cocktail party is planned for 1:00 p.m. prior to the sale in the Super Sale Salon.

The sale is sponsored by the American Brahman Breeders Assn., 1813 La Concha Lane, Houston, Texas 77064, 713/786-4444, sale co-chairman Dr. Richard Ferguson, Box 115, Hungerford, Texas 77448, 713/532-5088 and Bruce Lowrie, 711 S.W. Loop 820, Fort Worth, Texas 76184, 817/293-5811.

of age, animals must be haltered, registered in their breed association and must be females.

Deadline for nominations is February 20, 1983 with all nominations sent to Coleman Locke at J. D. Hudgins, Inc., Hungerford, TX 77448. Locke has been selected as sales chairman with Jim Williams and Dr. David Husfeld assisting.

TBA will begin taking applications soon for a \$500 scholarship to be awarded to a senior student in high school during the 1982-83 school year. The chairman of the scholarship committee is Henry Burrows of Paris, and he will announce soon the criteria for acceptance of applications for the scholarship.

Henry Clay Koontz, chairman of the video tape display committee has put together the promotional tape and it was shown to the board of directors at the groups meeting in Dallas. The tape is excellent and will be shown at the various livestock events around the country.

J. D. Sartwell, Jr. has been selected by president Jim Brown to head up the annual convention and should anyone be interested in working with J. D. on the convention please contact him.

Remember the next scheduled board meeting is to be held in Houston, February 24 at the Astroworld Hotel from 4:30 to 6 p.m. We invite all TBA members and friends to feel free to attend this meeting and give us the benefit of their ideas and thoughts.

TBA is dedicated toward continued improvement of its members herds while coordination efforts with the American Brahman Breeders Association in promoting our breed world wide. For more information on TBA, contact Margaret Watkins, Star Route, Box 47, Ganado, TX 77922.

Seaberg Ranch Announces Phase IV Sale for Spring

Seaberg Ranch, Wharton, TX, has announced their Phase IV offering of registered Brahman cattle. In making this announcement, John Joyce, partner and general manager of Seaberg Ranch, states that the sale site for this event will be at Angelo's Fisherman's Wharf on South Main Street in Houston, TX. The sale is scheduled for 6:00 p.m. on Tuesday, February 22.

Phase IV will consist of 25 bred heifers and 10 hard sire prospects, all halter broken. Most of the cattle in the sale are the result of the Seaberg Ranch embryo program.

Approximately 20 of the heifers offered will carry the services of, or are sired by, Mr. Seaberg 217, the highest priced Brahman bull sold at public auction to date (\$640,000). Several heifers in the sale are either sired by or carry

FISHERMAN'S WHARF
on South Main two blocks south of Loop 610

Lot 20 - Sells safe in calf to the great Elephant 226 to calve in the spring of '83. Here is a heifer with lots of substance, pigment and breed character. The way we have her bred should prove very interesting. This heifer should be considered for embryo transplant.

Lot 29 - Sells safe in calf to "217" to calve in the spring of '83. Another outstanding daughter of the Intrepid bull that goes back to 206 on the dam's side.

Lot 25 - Sells safe in calf to "217" to calve in the spring of '83. Have a look at her pedigree. There are five registers of renowned animals in her pedigree. This heifer is definitely an embryo donor prospect.

Lot 31 - Sells safe in calf to the great Elephant 226 to calve in the spring of '83. The dam of this heifer sold to Madonna Inn at our Foundation Sale. The sire sold to Barney Allen. Here is a heifer that should definitely be considered as an embryo donor.

Lot 4 - We think this is the top herd sire prospect we are offering in this sale. 1677A had a 205 day weight of 620 lbs., 365 day weight of 1,080 lbs., and on January 15th weighed 1,750 lbs. His sire, HD's Revoluta 67, was many times champion in 1971 and 1972. His dam sold to South Africa for \$36,500.00. The dam of 1677A sold in our Foundation Sale to Madonna Inn Cattle Co. in California.

Lot 7 - An open son of "217" out of a "206" daughter that is in our embryo transplant program. 1867A is an embryo calf with a 205 day weight of 640 lbs., a 365 day weight of 1,050 lbs., and on Jan. 15th he weighed 1,710 lbs. We think this is one of the better herd sire prospects in this offering.

Lot 36 - Sells safe in calf to "217" to calve in the summer of '83. We think this could be the best heifer we are offering in this sale. We have already flushed 10771 and she produced 5 eggs. Take a look at her mother's pedigree. She is double bred 229. If you are looking for a cow with a future to hold an embryo breeding program on, we think this is her.

Lot 35 - Sells safe in calf to "217" to calve in the spring of '83. The dam of this heifer sold to Madonna Inn Cattle Co. in California in our Foundation Sale. We think the way we have this heifer bred should result in an outstanding calf.

Twenty five Bred Heifers carrying the best genetics available in the Brahman breed today. Backed by an extensive, respected performance program.
Ten Herd Sire Prospects that have met and passed the most demanding standards ever set for a purebred Brahman seedstock sale.

The Harry L. English Brahman herd of Lufkin, TX is based on over 30 years of constructive Red Brahman breeding. It's one of the founding Red Brahman herds of east Texas. Mr. English developed this prestigious herd basically on Cherokee breeding. He purchased several groups of top females from the late C. E. Yoakum, owner of the Cherokee Ranch. He infused top Clifford, Garcia, McKellar, Doggett and H. K. bloodlines through the years. The English herd is one of the highly respected well known herds, both nationally and internationally. The individuals that make up the herd represent the most sought after bloodlines in the Brahman industry today. Any Red Brahman that carries the Harry L. English brand carries a symbol of excellence recognized by all Red Brahman breeders.

McKellar Ranch Opens Missouri Division

Granby, MO — Max Jansen, veteran cattle breeder, has announced that he will head a new division of McKellar Ranch Brahman to be established on Jansen's farm in southwest Missouri. Jansen operated Diamond J Farms Simmentals at Granby until the spring of 1982 when the herd was dispersed. He is a northeast Iowa native who has been in the cattle business all his life. Jansen will be managing partner of the Missouri division of McKellar's Red

All-American Junior Brahman Show Dates Set

Brenham — The dates have been confirmed for the fourth annual "All-American" National Junior Brahman Show and Meeting. The Washington County Fairgrounds will be the site for this year's junior Brahman activities to

Brahman operation which is based at Mount Pleasant, Texas. McKellar Red Brahman has been a leader in performance testing Red Brahman for 20 years and does a nationwide business in breeding stock. The mature Red Brahman breeding herd will continue to be handled at the Texas headquarters, where embryo work will be carried on.

At the Missouri unit, Jansen will handle the breeding, maintenance and marketing of young heifers and bulls. "We'll receive cattle ranging from 8 months in age upward from the Texas unit," Jansen explained. "We'll grow them out to two-year-olds and market them over a wide area."

Jansen said his decision to join McKellar Ranch was based on the strong demand for cattle showing "a little ear."

"Brahman blood is popular in the cattle business today and we feel the McKellar Ranch breeding stock will give buyers just what they want," he said.

Jansen's McKellar Ranch Division in extreme southwest Missouri covers 1,200 acres — all in improved pasture and cropland. Around 500 head of cattle will be maintained on this unit when the program gets rolling.

PAZA Annual Meeting & National Show to Be Held at Houston

TBA Plans for Convention/Sale

The Texas Brahman Association is currently making plans for their annual convention and annual haltered heifer sale for 1983.

The convention will be held in conjunction with the Texas Jr. Brahman Association State Show and the All American Jr. Brahman National show in Brenham, Texas the third week of July. The tentative dates for the convention and sale are being studied at the present with dates of July 18-20 being considered heavily.

The Second Annual TBA Haltered Heifer Sale will have Twenty Lots of the best of the breed in the sale as consignments are now being taken from the TBA membership. Any TBA

member wishing to consign to this sale should contact Jim D. Brown and consign their animals as soon as possible. The ages of the consignments must be at least one year of age and not older than four years of age. All animals must be submitted with the nomination. The deadline for nominations is Jan. 31, 1983.

For information contact Gary Hartman, Rt. 1, Box 116, Stockdale, Texas 78160, 512/896-3609 or John Watson, Rt. 1, Box 91, Devine, Texas 78016, 512/868-2740.

1983 National Brahman Show, Sale Date Set

Jackson, MS — The 1983 National Brahman Show and Sale has been set for February 14 and 15. The events will take place at the Dixie National Livestock Show here in Jackson. The 1983 national events are being sponsored and hosted by the Mississippi Brahman Association (MBA).

Nell Porter of Guatemala City, Guatemala will serve as the judge for the Brahman show. Judging will begin with the Brahman females at 8:00 a.m. on February 14. The Brahman bull judging will follow on February 15. The bull classes will also begin at 8:00 a.m. Other activities planned for the 1983 national include a dinner theatre ban-

quet on Monday, February 14. The ladies will be treated to a tour of the Governor's Mansion and a tea on Monday afternoon following the Brahman judging.

The 1983 National Sale will begin in the sales arena after the conclusion of the Brahman bull judging. This year's sale features four herd bulls and nineteen bred females, both red and gray. Breeders from six states have consigned some of their top animals to the sale.

Sale headquarters will be at the Coliseum Ramada Inn. Sale chairman for the 1983 National Brahman Sale is Clyde Goudreau of Oryx, MS. For more information on the sale, he may be contacted at Rt. 2 Box 197, Oryx, MS, 39067, or call (601) 542-5066. John Rayburn, MBA President, may also be contacted at (601) 284-4870.

Panhandle Feedlots Gripped by Storms

Amarillo, Feb. 4 (F-S) — Slaughter aters .50-1.00 higher. Slaughter heifers firm to 1.00 higher. A heavy snow storm accompanied by high winds caused blocked roads. Shut down most traffic in the area and shut down several packing plants. Feedlots throughout the area are in the worst shape they have been in for several years due to mud and snow and saturated ground. Several feedlots have been forced to move large numbers to other lots. Cattle on wheat pasture are in bad shape due to prolonged snow cover and soft ground making extremely difficult to get feed to cattle. The average live weight of most cattle slaughtered in area plants last week was 1062 lbs. compared to 1056 lbs. the previous week and 1058 a year ago. Steers 28,200; Good and mostly choice 2-3, 70-85% choice, 1025-1175 lbs. 61.00-68.00, late sales mostly 62.00-63.00, nearly 5,000 at

81st Annual National Farmers Union Convention Set Feb. 27-March 2

Waco, January 25, 1983 — Mike Moeller, president of the Texas Farmers Union, announced that the 81st annual convention of the National

The Oak Ridge Boys will appear at the Houston Livestock Show and Rodeo Sunday, March 6 at matinee and evening performances.

Farmers Union will be held at the Town and Country Hotel in San Diego, California on Feb. 27 through March 2, 1983.

Elected by the state delegates to the annual Texas Farmers Union convention meeting in Austin, the three national delegates include TPU District 3 Director Floyd Borchardt of Crowell, TPU District 5 Director Frank Poesel

Crystal Gayle will appear at the Houston Livestock Show and Rodeo Thursday, March 3 at the evening performance only.

of Beasley, and Crosby County Farmers Union President, Dale Linnick of Ralls. Alternates to the NPU meet are Erath-Hamilton Farmers Union President Dorel Fillingim of Hico, Texas Farmers Union Vice President Hank Rankin of Ralls, and Dale Schuler of Krum.

The theme of the 1983 NPU convention, "United and Strong — Farmers Union" is fitting. National Farmers Union President George Stone said because it symbolizes the farm organization's efforts to rally broad rural support for long-term policies of Farmers Union — for a stronger, workable farm program to raise and stabilize farm prices; for credit to agriculture at lower interest rates; exports that are unrestricted and sold at fair prices; and for programs targeted to help young farmers and to protect natural resources and the land farm system.

A highlight of the convention will be addresses by the three men who have led the National Farmers Union on its top post over the past 42 years. Joining Stone, who has served as NPU president since 1980, will be James H. Patton, 80, president emeritus of the National Farmers Union who served from 1940 to 1960, and Tony J. Dechant, 67, past president of NPU who served from 1960 to 1980.

Senator David Boren of Oklahoma will address the convention, as will Congressman Leon Panetta of California. Both are influential leaders of Congress and members of the agriculture committee of their respective legislative bodies.

Popular actor Eddie Albert will also speak to the Farmers Union convention delegates and guests. Albert is an internationally recognized spokesman on conservation, land preservation and other environmental issues.

Crucial issues for farmer-owned cooperatives will be addressed by the real Moisson, president of Farmers Union Central Exchange (CENEX), a regional farm supply cooperative which serves 1800 local co-ops and nearly one-half million farm families in 14 states. CENEX had sales of \$1.4 billion in 1982 and ranks 285th on the Fortune 500 list.

International trade issues will be featured in speeches by E. K. "Red" Turner, president of the Saskatchewan Wheat Pool, and by the Hon. Sava Savov, minister of the Bulgarian Embassy in Washington, D. C.

The most important task for the convention delegates, Moeller said, will be the adoption of new policy guidelines for the National Farmers Union to follow through the coming year. Representing the Texas Farmers Union on the NPU policy drafting committee will be Lynn County Farmers Union President Gary Cook of Wilson.

"The farm depression is taking a heavy toll in communities throughout rural America. The farm population, small businesses and now large businesses, major industries, financial institutions and government are all feeling its effects," Moeller said. "Farm income must be raised. It is vital that the policy makers for our organization, the nation's voice for family farmers, think and act creatively in developing new effective policies to address the serious problems facing agriculture."

Other speakers scheduled to address the convention include Morley P. Thompson, president of the Baldwin United Corporation, and Alton G. Olson, administrator of Green Thumb, Inc.

If immigration continues at current levels, it will add 70 million people to the United States population in just 15 years.

Linthicum Judging The International Brangus Show

Jimmy Linthicum of Welch, Oklahoma, a well known Limousin breeder who serves as a consultant to many of the breeds top producers, will be judging the 1983 International Brangus Show in Houston, Texas, February 22, 1983 at 8:00 a.m.

The show, held in conjunction with the Houston Livestock Show and Rodeo, is one of the most prestigious shows on the Brangus show circuit. Brangus cattle will be exhibited from all regions throughout the United States.

Linthicum has tremendous experience in the showing with the judging of many national shows to his credit. He has judged two National Charolais Shows, the Junior Charolais National Heifer Show, the Junior National Simmental Heifer Show, and the National Junior Polled Hereford Show. Among the other breeds Linthicum has judged are Chianina, Shorthorn, and Limousin.

Houston Livestock Show Announces Judges For 1983 Horse Show

The Houston Livestock Show and Rodeo today announced the names of judges for 1983 horse show events scheduled for February 17 through March 6 in Houston.

"To maintain the integrity and high standing of horse show competition here at Houston, it is imperative that those individuals judging the events be top people," commented Don Jones, Jr., Assistant General Manager. "We're very pleased that the judges for 1983 are all highly regarded professionals. They are recognized for contributing greatly to the prestige and efficient running of the shows that they judge."

Earl Burchett, Snellville, GA, will judge the Appaloosa competition, March 4 and 5. The judge for the cutting portion of the Appaloosa show has not yet been confirmed by Houston officials. This information will be released as soon as it is available.

The Arabian and Half-Arabian shows will be judged by Philip L. Hatfield, Porterville, CA. Steward for the Arabian competition is Colonel Jack Darling, Houston, TX. The

Arabian and Half-Arabian events will be held on February 28 and March 1. The Paint Horse Show will be judged by Don McDonald, Clyde, TX. Judges for the cutting portion of Paint Horse competition will be announced later. The Paint Horse Show runs March 2 and 3.

Dr. Jack Morris, Fort Worth, TX, will handle the judging duties for the Palomino Show, scheduled for February 27.

Judging responsibilities for Quarter Horse competition are divided. Bob Spedden, Ellicott City, MD, will handle Quarter Horse halter classes, while Don Mullins, Springfield, MO, will judge Quarter Horse performance classes.

New Buildings, Show Set At Houston Show Feb. 17-March 6

The construction of a 2.0 acre addition to exhibition facilities is the key factor in highlights announced for the 1983 Houston Livestock Show, February 17-March 6.

The 1983 Show will host the National Cutting Horse Association World's Championship Cutting Horse Finals, as this stellar competition moves from Amarillo to Houston for the first year of a three-year run.

Simmental and Limousin junior breeding heifer shows have been added for the first time at Houston. The 1983 Livestock Show Premium List and entry cards are available now from the Show, P.O. Box 20070, Houston, Texas 77226. Deadline for livestock entries is December 10 for all but horse, poultry, rabbit and judging contest entries.

In 1982, the Show recorded more than 80,000 livestock entries, once

again making it the largest livestock show in the world. Show officials are predicting that the increased space will make for an even smoother-running Show.

"We're excited about the impact this additional space will have on our entire Show," said Show President E. Norwin Gerhart. "By adding some 117,000 square feet to the existing arena, we're able to accomplish several things benefiting the total Show."

Gerhart said the added space will allow moving poultry and rabbit competition from their Astrohall sites to the northeast annex of the arena. This will facilitate spectator viewing and will help to smooth traffic flow in the vast main hall facility.

In 1982, the Houston Livestock Show recorded 1,098,166 spectators, the largest general attendance figure in Show history.

The new construction also creates 250 more horse stalls, bringing the total number to 850. Also included in the building construction is a 150 X 50 foot "warm-up" arena for horse show exhibitors.

In the space vacated in the Astrohall, the Show will have room for some 270 additional head of cattle. "Even with the increased cattle entries made possible by the move, we still will be able to create more spacious aisles to enhance the smooth flow of spectator traffic through the exhibition areas," Jones said.

The new construction is the latest step in the Show's acclaimed building program. Since 1966, in a five phase building program, the Show has built what are generally regarded as the finest exhibition facilities of their kind anywhere.

The 18.3 acre Livestock Exposition Building (Astrohall) and the 4.3 acre horse arena (Astroarena) were built at a cost in excess of \$16 million and donated without charge to the citizens of Harris County. The complex allows Harris County to attract the finest in trade shows, conventions and sporting events each year, adding millions of dollars to the Houston economy.

"There's no doubt that the building addition means a lot to the overall growth and continuing excellence of

the Show," stressed Mike McCreary, Show Assistant Manager. "It's because of this that we are able to add the Limousin and Simmental junior breeding heifer shows."

McCreary noted that the Show's long standing relationship with these two Texas purebred beef associations, plus the popularity of these breeds, makes them natural additions to the Show's schedule. These two breeds now have a full complement of cattle expositions here at our Show — open show breeding beef, market steers and junior breeding heifers.

The Houston Livestock Show once again will be the site of quality beef sales that have made the Show renowned in the livestock industry.

"In 1982, we've been chosen as the site of 13 beef cattle and three horse sales, including a Paint Horse sale that's new this year," McCreary said. And, Houston is the site for the National Charolais Show, the International Brangus Show and the International Brahman Show in 1983," he added.

Other changes for 1983 include new important rules changes governing junior livestock exhibitors. McCreary emphasized that junior breeding heifers must be registered in the name of the exhibitor as of November 1, 1982. An exhibitor may enter no barrow for 1983 and summary cards are no longer required for junior show entries.

"All the changes are outlined in a special section of the 1983 Premium List," McCreary said. "If an open show exhibitor has not received a copy, we encourage him to write or call us for one as soon as possible. Junior exhibitors should contact their vocational agriculture teachers or county extension agents for entry information."

Changes also have been made in the calf scramble for 1983. "Winners of calves can now choose either a beef or dairy heifer for use in the program and certificates will be valued at \$600," McCreary said. Prior to this, the type of heifer won was designated in advance. Fourteen calves will be awarded at each of the 16 rodeo performances, plus 40 awarded through livestock and dairy judging contests, for a total of 284 calves.

No. Texas Cattleman's Roundup February 22

Beef, livestock product displays, door prizes, the National Livestock and Meat Board, Texas Cattle Feeders and the 1983 Market Outlook will be featured at the North Texas Cattleman's Roundup, February 22, in Bowie, Texas.

Beginning at 8:00 p.m. at the Texas National Guard Armory the program will begin with the "Grazing Hour" featuring beef and cheese hors d'oeuvres prepared to suit most tastes. During this time, cattlemen will be able to visit product exhibits and register for the more than \$400.00 worth of door prizes to be given away. Beef cooking demonstrations and recipes will be conducted and distributed during the "Grazing Hour."

The National Livestock and Meat

Board of the Beef Industry Council and how it relates to beef promotion, research and education will be represented by its chairman, Hilmar G. Moore. The Texas Cattle Feeders with "Feeding Cattle in Texas" will follow with "The 1983 Beef Market Outlook" by Dr. Ed Uvacek the final part of the program.

The Roundup is sponsored by the Montague County Extension Livestock Committee in cooperation with all the livestock related organizations in Montague County. All interested cattlemen and their families are invited and encouraged to attend.

Beefalo NEWS

Wyoming Rancher Purchases Beefalo Herd in California

Huletta, Wyoming — Albert Neiman and his son Jeff recently purchased 3 purebred cows, a herd bull, a heifer calf and 2 yearling bulls from the DJB Beefalo herd in Sacramento, California to add to their 250 cow Beefalo herd.

On a recent visit to Edmond, Okla., to pick up the "210" bull on lease to A-K Farms, Albert Neiman reported good success with Beefalo in Wyoming and predicted a lot of people in his area will be going to Beefalo.

Neiman reported the sale of 100 head of Beefalo to Beefalo Limited for 70¢ plus 10¢ with an average weight of 1,290 lbs for steers and heifers.

With the acquisition of the purebred animals from California, Neiman stated that it will enable him to get more Beefalo stock out to other breeders and help establish the Beefalo breed.

Albert Neiman, Huletta, Wyo., Bob Allen, Edmond, Okla., and Jeff Neiman of Huletta, Wyo. are shown here during recent visit to A-K Farms, Edmond, Okla. Neiman recently purchased the DJB Beefalo herd of Sacramento, California.

Bob Allen, A-K Farms, has announced the Partnership of A-Bar-K Beefalo Farms has been dissolved and he and his wife Barbara will continue in the Beefalo business as A-K Farms.

A-Bar-K Beefalo Farm Partnership Is Dissolved

Edmond, Okla. — Bob Allen, Partner and General Manager of A-Bar-K

Beefalo Farms has announced that the partnership has been dissolved and he and his wife Barbara will continue in the Beefalo business as A-K Farms.

The A-K Farms operation will include 50% to 87% Beefalo and the 75% Beefalo bull, Golden Boy has returned to the operation after being leased to James Spurlin of Chickasha, Oklahoma for the past 2 years. Golden Boy was aired by BHB 22, 11-12-77. Spurlin has used Golden Boy to breed Holstein Dairy Cows. The Beefalo cross is reported to be a very good one resulting in heavier gains and ease of calving.

Allen reported that he expects to have 15/16 Beefalo calves on the ground this fall aired by BHB 125, 104, 161, and 111.

Allen has developed a Beefalo meat program in his area and reports he is sold out of Beefalo feeders.

RED ANGUS NEWS

Red Angus Assn. Continues to Increase Membership

Denton — "Red Angus breeders are joining the national association in record proportions, continuing the trend started last year," stated Robert M. Newman, President of the performance-oriented Red Angus Association of America.

"From July 1982 through January 1983, the number of new members joining is up 21% over the same period a year ago. Our peak month was July 1982, when new memberships vaulted 46% over July 1981; this was followed closely by the month of September, which showed an increase in new members by 44% over the same month a year ago.

"There can be no doubt," adds Newman, "that the reason for this unprecedented breed expansion is due to the recognition by commercial cattlemen of the value of Red Angus bulls in commercial operations. A great majority claim the maintenance of color preference is an added bonus when using Red Angus on whiteface cow herds."

The performance history of the Red Angus breed looms big today when cost factors are critical to a herd's survival. Red Angus have been selected for generations on performance, and therefore the guesswork is taken out when using a registered Red Angus bull. This is not always true when using bulls of other breeds. Newman notes, "Many of our new members have been associated with other breeds for a long time, but they have found that the economic and physiological advantages of the Red Angus breed are reason to shift gears. As a consequence, there is a marked increase in new memberships and in registrations, with established herds registering more calves each year to satisfy their market."

Lulling Foundation Test Sale, Feb. 19

The Lulling Foundation bull test for 1982-83 will complete its 140 day official test on February 4. The information gathered from the test will be the basis for the beef cattle seminar to be held on February 19 at 9:00 a.m. Following the seminar, a sale of selected bulls on the performance test as well as a screened group of heifers will begin at 1:00 p.m.

Dr. Larry Boleman and Dr. L. R. Sprott, beef cattle specialists with the Texas Agricultural Extension Service will present the program on breeding herd selection. A panel of cattlemen, order buyers and feedlot personnel will discuss feeder cattle that will be available on that day which the cow-calf producer should be attempting to produce. Mr. Lynn Smith Jr., of Gonzales will serve as a moderator for the live animal appraisal section of the program.

Bulls leading their comparison group through the 112 days include a Texas-tale consigned by T. P. Ranch of Austin with an average daily gain (ADG) of 4.28. PIK Grain Would Be Taxed as Sold Under New Bill

Washington — U.S. Senator Roger W. Jepsen (R-Iowa) introduced a bill last week which would treat grain received under the Payment-in-Kind (PIK) federal program "as if the farmer had grown the grain on his own farm."

Jepsen's bill exempts farmers from paying a tax on PIK commodities "until the farmer realizes an income from direct sale or use of those commodities."

Appaloosa Horse Club Relocates

The Appaloosa Horse Club has recently completed final arrangements to open a branch office in Oklahoma City. According to Executive Secretary, Eric Edmondson, the Oklahoma City office will be operational by mid-February. The major functions of the Show and Contest Department, headed by Georgine Winsett, and the Racing Department under Chuck Nuber, will be moved to OKC. Staff will begin relocating in early January.

The Appaloosa Horse Club is the first breed registry to locate in OKC and the first office of the Appaloosa Horse Club to be located outside the association's headquarters in Moscow, Idaho. Oklahoma has more horses per capita than any other state. The APHA has held their World Championship Horse Show in OKC since 1974, generating approximately \$6 million annually in horse-related revenue during the two weeks the show is in town. "No other breed has held its major show in Oklahoma City as con-

sistently as the Appaloosa Horse Club has," Edmondson explained. "We feel that locating our office in Oklahoma City will further strengthen the growing partnership between the Appaloosa Horse Club and the city."

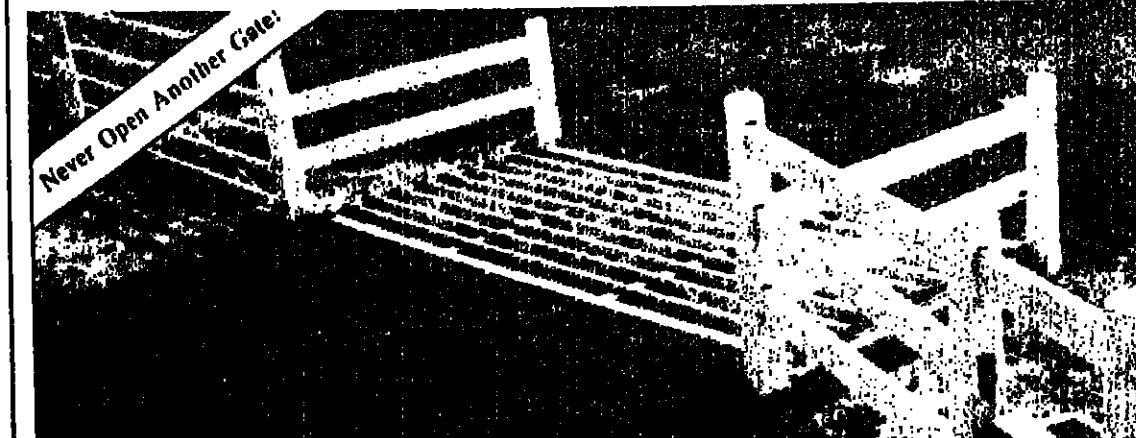

Straight-Bred Hereford Steer Show at 1983 All-American Expo

Kansas City — Plans have been formulated to include a straight-bred Hereford steer show at the 1983 All-American Hereford Expo to be held July 14-16 at Wyoming Hereford Ranch, Cheyenne, WY.

Some alterations from traditional steer shows will be witnessed in this special Hereford event. All entries must be born after January 1, 1982 and sired by a registered Hereford bull and born either a registered or commercial Hereford cow. The exact birthdate of all entries must be known and verified by the breeder.

Entries are open to all members of the American Junior Hereford Association and may be obtained from the American Hereford Association Youth Department, P.O. Box 4059, Kansas City, Missouri, 64101. An entry fee of \$25 per head will be assessed, and must be postmarked by no later than June 1, 1983.

These are registered bulls and have been semen tested. The offering will be 12 to 24 months of age. Ray Sims will be the auctioneer. For information contact Bill Hall, Texas Angus Association, 238 North Judkins, Fort Worth, Texas 76111, 817/881-2641.

FOR SALE 30 - Performance Tested Breeding Age Brangus Bulls

It's Performance That Counts
(If they don't perform it don't count.)

It's Performance That Counts And You Can Count On Billy Harry Brangus For Performance
Performance should be the corner stone of a breeding program and that's why we place our emphasis on birth weights, weaning weights, yearling weights and weight per day of age as well as the calving ease, milking and mothering ability of the Dam when we are making our breeding decisions.

Steer Evaluation Program Scheduled May 20-21

A special Steer Production and Evaluation Symposium is planned for May 20-21, 1983, at Texas A&M University. The symposium will be conducted for 4-H and FFA youth with steer projects, for beef cattle breeders and feeders, and for those involved with beef cattle breed associations or steer shows. A unique feature of the symposium will be a display of two groups of steers - one fed and managed as "show" steers and the other fed and managed as "feedlot" steers, says an associate professor of animal science at Texas A&M. The event will be in the new Animal Science Pavilion on the university's west campus.

Profitable Books You Should Have

Tax Guide for Farmers - A detailed 350-page book which includes all 1981 tax law changes affecting the farm operation. Designed to help minimize your tax bill, it contains nine chapters packed with tax-saving methods and suggestions strictly for farmers. Covers tax management as a financial tool, managing farm income and expenses; land and depreciable property; tax reporting and returns; social security taxes; aspects of farm business organization; plus additional tax-saving principles and strategies. Price \$12.95.

Facts & Figures for Farmers - A complete reference handbook with all the facts, calculations, math, tables, and charts you need in the everyday operation of your farm. Full of facts to help calculate inputs, measure land, figure silo capacities, balance rations, calibrate sprayers, analyze budgets, estimate space needs, machinery operating costs... to name a few. 348 pages. Thirty chapters on livestock, crops, buildings, equipment, accounting, and much more. Price \$9.95.

Futures Handbook for Farmers - An 80-page guide covering how the futures market works and how to interpret technical price moves that can help your marketing program even if you never use futures for hedging. Discusses cash/futures relationships; illustrated use of chart formations; details how volume and open interest can help you diagnose market conditions; and helps you spot support and resistance areas that may signal price turnarounds; plus more. Price \$3.95.

Brass Tacks of Animal Health - A 464 page, hardcover volume no livestock owner should be without. It's packed with answers to the "nuts and bolts" health problems you encounter daily in your operation. Detailed, well-illustrated coverage of disease conditions, signs, causes, prevention, transmission, and treatment. Also covers handling and restraint, reproduction and birth difficulties, nutrition. Complete sections on beef and dairy cattle, hogs, and horses. A real A to Z book on how to keep your animals functioning at top efficiency. Price \$19.95.

Field and Equipment Record Book - A very popular 160-page system for keeping those non-financial records so important to your success. It helps you organize and detail your production plans for the year, keep facts on key cropping practices, and analyze the results you obtain. Provides section for plotting your farm layout and keeping up to six years of cropping information on up to 26 fields. Also includes areas for recording vital facts on your machinery, equipment, buildings, and tools. Price \$10.25.

Buying and Selling Farmland - An excellent book on the intricacies connected with the purchase or sale of farm real estate. Its 320 pages cover how to find and buy land with the greatest profit potential; how to determine a fair market value for your land; how to net the most when you sell; how to decide whether to add more land to your operation; how to avoid pitfalls in land transactions. Also includes answers to 130 most asked questions on farm land purchase or sale. Complete, easy to understand. Price \$10.95.

Farm Management Guide - Contains 336 pages packed with valuable production, management, and marketing information you can put right to work in your operation. National Wool Growers Name New Chairman

Washington - Norman Rousselet, a sheepman from Sonora, Texas, was elected chairman of the board of directors of the National Wool Growers Association at their just completed convention, January 25-28, in Oklahoma City. "There is a great deal of opportunity in the sheep business," Rousselet said, "and I pledge to do all I can to turn opportunity into profit." Rousselet said that one of his top priorities will be to investigate the export potential for both wool and lamb as a means of achieving greater price stability for these commodities. "We produce two of the finest commodities via all of agriculture and we do it as well or better than anyone in the world," the new chairman said. "It's time to develop some overseas markets."

Texas Foundation Is Spreading the Words - Blonde d'Aquitaine

The Texas Blonde d'Aquitaine Foundation, Inc., a state affiliate of the National Blonde d'Aquitaine Foundation, was organized in August, 1981, and incorporated early in 1982. The Foundation is organized for the purpose of promoting the husbandry and scientific breeding and management of the Blonde d'Aquitaine breed of cattle in Texas and surrounding states. Membership is open to individuals, partnerships, joint ventures or corporations actively engaged in the breeding of Blonde d'Aquitaine cattle.

The Foundation, by sponsoring a regular advertising program in the Weekly Livestock Reporter, is spreading the words - Blonde d'Aquitaine - throughout the state of Texas and its neighbors. The most ambitious undertaking of the Foundation so far was the sponsoring of three very successful exhibits at the San Antonio Livestock Exposition and the Houston Livestock Show and Rodeo in February and March, and the Texas State Fair in Dallas during October, 1982. The comments and response to the cattle exhibited reaffirmed their belief that it is only a matter of time and hard work before the breed is recognized as a leader in the cattle industry. Preparations are in full swing for another successful exhibit in both San Antonio and Houston this year.

The Foundation, since its inception, has been committed to spreading the word about Blonde d'Aquitaine cattle. One of the surest ways to accomplish

This objective is through a cooperative effort with FFA and 4H programs operating at the local level. The Foundation is actively engaged with selected county agents in the development of a viable program for many of the area's FFA and 4H chapters. This program is a step in the direction to carry out the theme expressed by the Foundation's president, Andy Anderson, "We firmly believe that the surest way to obtain the needed exposure is through grass roots efforts."

For further information on Texas Blonde d'Aquitaine Foundation Inc. activities or Texas Blonde cattle, please write to the Foundation president, D. G. (Andy) Anderson, 408 Butterfly Court, Houston, Texas 77078, or call (713) 982-7674.

Rio Vista Announces 1983 School Schedules

The 1982 schools hosted by Rio Vista International, Inc. proved to be quite a success as it was attended by students from throughout the United States and abroad. With such great reception and attitude towards this type of special education, Rio Vista is pleased to announce an enhanced curriculum for the 1983 schools.

This years courses of study will focus on "The Embryo Business," "Embryology," "Embryo Collection," and "Embryo Transfer." The Embryo Business or management course is designed for the owner or manager who wants to become more familiar with the industry. This course provides the foundation for all the other courses offered at Rio Vista.

Students attending the 1983 classes can determine their own extent of involvement in embryo transfer. The General Course is designed to familiarize those attending with the techniques of embryo transfer and consists of 2 days of lectures and discussions and 4 days of practical training. Whereas, the Commercial Course, an in-depth, three week curriculum of lectures, discussions and practical training will equip the student for commercial embryo transfer work. Those enrolling in this course should have the basic skills in A.I. and palpation and receive the fullest understanding and competency of embryo transfer by the end of the term.

There is even a refresher course for those interested in updating their skills for transfer.

Rio Vista offers 3 schools this year, the first beginning March 14th, 1983. The second term will begin June 20th and the third on October 3rd. All schools will take place in San Antonio.

For further information and a brochure on the 1983 Rio Vista Schools call 512/677-9014 or write: Route 3, Box 242, San Antonio, Texas 78227.

Beasley's Polled Herefords Set \$2717 Average

Beasley's Polled Herefords, along with Farrington Polled Herefords held their Proof of Progress joint production sale Phase II January 31, 1983 at the Beasley Sale Pavilion near Hawley, TX. A crowd of Polled Hereford enthusiasts from all over the United States were on the seats to appraise an outstanding set of Polled Hereford cattle.

One bull sold for \$3600. Sixty two female lots averaged \$2695 with 83 total lots grossing \$170,875 to average \$2712.

Topping the sale at \$26,000 was an Enforcer 107H daughter that had been shown extremely well during her show career. She sold safe in calf to Hotline and went to a new Polled Hereford breeder, Bill Chaney, Abilene, TX.

Another Enforcer 107H daughter bred to Hotline brought \$22,750 and went to a repeat customer, Rob Hamilton of Pueblo, CO.

Hawley Trail Ranch of Austin, TX paid \$7950 for an Enforcer daughter out of a U81 cow.

Spring Creek Ranch of Hopewell Junction, NY gave \$6500 for a daughter of The Stuck.

An embryo from the proven producer cow Klondike Lassie 252G and Hotline brought \$8000 going to a part

nership of JHS Polled Herefords. Another Enforcer 107H daughter bred to Hotline brought \$22,750 and went to a repeat customer, Rob Hamilton of Pueblo, CO.

The only bull in the sale brought \$3600 going to Robert Coles, Ponca City, OK and he is a son of Enforcer.

The sale was managed by National Cattle Services. Auctioneers Eddie C. Sims and James Birdwell.

The first balloon flight occurred in 1782.

The man who is worthy of being a leader of men will never complain about stupidity of his helpers, the ingratitude of mankind nor the ingratitude of the public. These are all a part of the great game of life. To meet them and overcome them and not go down before them is dignified, discouragement or defeat — that is the final proof of power.

Weather, Truck Strike Hampered Feeder Trade Last Week

St. Joseph, Feb. 4 (USDA) - National feeder cattle and calf receipts this week: 124,500; last week: 185,500; year ago: 181,000. Snowstorms, floods, tornados and truckers strike featured the slaughter and feeder cattle markets this week. Reduced supply of feeders; western states steady to 3.00 higher, southwest and midwest influenced by snowstorms steady to 3.00 lower and southeast steady to 2.00 higher except Kentucky 1.00-3.00 lower. Curtailed marketings and slaughter of fed cattle prompted higher prices.

SGBI Members Meet April 15-17, Kingsville

Kingsville - Santa Gertrudis Breeders International will hold their thirty-second Annual Membership Meeting and Convention April 15-17 in Kingsville, Texas.

Santa Gertrudis breeders from throughout the United States and several foreign countries will gather for the three-day event.

The "Blue Ribbon" sale sponsored by the South Texas and Rio Grande Valley Associations will kick off the convention at 10:00 a.m. Friday. The King Ranch will host tours and demonstrations throughout the event and promises a special cutting horse demonstration Saturday afternoon.

A new slate of officers and Board of Directors will be elected and take office during the annual meeting.

West Kansas Feedlots

Dodge City, Feb. 4 (USDA) - Slaughter steers 1.00-1.50 higher; slaughter heifers 50-1.00 higher. Snow fall of 3-15 inches and high winds closed many roads this week and all area packing plants were closed for part of the period. Seller attitudes were mixed. Some preferred to wait to sell cattle and try to regain some weight loss while others attempted to sell cattle and get them weighed before the next predicted storm. Most active cattle have weighed 25-60 lbs. less than expected. Steers 28,300: Throughout the period, choice 2-4, mostly 3, 1025-1235 lbs. 60.50-62.75; late 61.75-62.75; choice with end good 60.00-62.00. Late 61.50-62.00; mixed good and choice 1200-1300 lb. Fed Cattle Higher, Hog Prices Mixed At Markets Monday

(CONT. FROM PAGE 1A)

tie, though some had closed last week due to the weather and short supplies. Slaughter cows were substantially higher at most markets and bulls were also firm to higher. Monday's estimated cattle kill at 129,000 was 29,000 above last week and 8,000 ahead of one year earlier. Muddy cattle were still a factor in the trade and the lower end of quotations on choice and prime cattle frequently represents some mud. Hog prices were rather well mixed as to advances or declines. Lower pork

quotes Monday were a damper on prices. Market supplies were up about 2,700. Monday's estimated hog kill at 258,000 was 21,000 above a week earlier, but still 25,000 under a year ago. Price trends, quotations on choice and prime steers and heifers and the mixed good and choice grades and on good to choice Holstein steers and the US 1-3 hogs scaling mostly 200 to 280 pounds included:

OMAHA fed cattle .50 to \$1 higher. Steers \$60 to \$62.50 and \$69.50 to \$61. Holsteins \$52 to \$53.50. Heifers \$59 to \$61.50 and \$58.50 to \$60. Hogs fully steady at \$67.50 to \$68.50. SIOUX CITY fed cattle .50 to \$1 higher. Steers \$61 to \$62.25 and \$69.50 to \$60.50. Holsteins \$49 to \$52.50. Heifers \$59 to \$60.50 and \$58.50 to \$59.50. Hogs steady to .25 lower at \$58 to \$60.50.

ST. PAUL fed steers and heifers fully steady and Holsteins steady to .50 higher. Steers \$59.50 to \$60.70 and \$58.50 to \$60. Holsteins \$58.50 to \$57. Heifers \$59 to \$59.50 and \$57 to \$59. SIOUX FALLS fed cattle steady to .50 higher. Steers \$60 to \$62 and \$58.50 to \$60. Holsteins \$52.50 to \$55. Heifers \$58 to \$60 and \$57.50 to \$58.50. Hogs steady to .50 higher at \$58 to \$60.50.

JOLIET fed steers \$1 to \$2 higher and heifers \$1 up. Steers \$61.50 to \$65 and \$60 to \$61. Heifers \$61 to \$62 and \$59 to \$60.50. Hogs .50 to \$1 lower at \$59 to \$60.25 on weights from 220 to 280 lbs. PEORIA fed steers \$1 higher and heifers \$1 to \$1.50 higher. Steers \$61 to \$62 and \$58 to \$60. Holsteins \$50 to \$54. Heifers \$59.50 to \$61.50 and \$57.50 to \$59.50. Hogs .50 to \$1 lower at \$57 to \$60.50. ST. LOUIS compared to last

Tuesday fed steers \$1 to \$2 higher and heifers \$1 to \$1.50 higher. Steers \$59.50 to \$61.50 and \$58.50 to \$60. Standard to good Holsteins \$47 to \$52.75. Heifers \$57 to \$59 and \$55 to \$57. Hogs .50-.75 lower at \$57 to \$59.75.

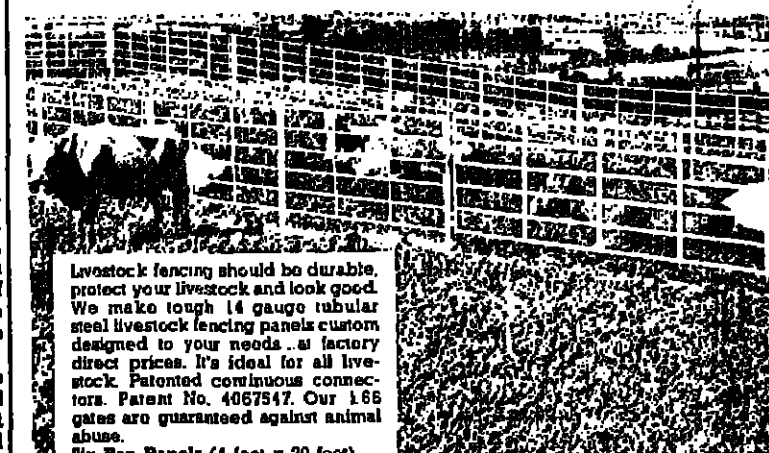

Dr. Wilson Boaz Is Named Assistant to Regional Director

Fort Worth — Dr. Wilson O. Boaz has been selected to become Assistant to the South Central Regional Director of Veterinary Services (VSI) for the U.S. Department of Agriculture (USDA). Animal and Plant Health Inspection Service. Based at Laredo as Director of the Fever Tick Eradication Force since 1977, Boaz will be "coming home" as he returns to his native Fort Worth.

The South Central Regional VSI office is headquartered in the old Texas and Pacific (T&P) Building. Dr. Robert Morgan is Regional Director. He served as USDA Veterinarian at the Fort Worth Stock Yards for many years until January 1, 1975. For a time after that he worked in the Fort Worth area as a section veterinarian.

Other work in Federal Service has seen Dr. Boaz head the Bovine Tuberculosis Eradication Project in Texas; serve as Assistant Area Veterinarian in Charge for Delaware and Maryland; and one detail had him working for a time in England helping that nation stamp out Foot and Mouth Disease.

AMERICAN RED BRANGUS ASSOCIATION NEWS

Denver Show Successful

Twenty-five Red Brangus bulls sold for between \$1000-2500 while on "exhibit" at the National Western Stock Show in Denver, Colorado this past month.

"Our bulls were well accepted by mid-west cattlemen and interest was high throughout the show, according to Jim Moore of Running JM Stock Farms. The Red Brangus bulls face tough competition from other breeds already established in this area, but given the chance to prove themselves, they will stand up to the best."

"We were pleased to see bulls sell to cattlemen from Nebraska, Colorado, Oklahoma and New Mexico, especially since the bulls were there for exhibit purposes only." Felo Guerra, partner in Guerra Brothers Ranch in Lima, Texas stated, "Interest came not only from cattlemen in the United States, but from Canada and Mexico."

Red Brangus breeders attending the show and assisting at the ARBA booth were Jim and Mark Moore, Felo Guerra, Mary and Bobby Harris of Stephenville, Texas; Sam and Sherry Elrod of Barton Creek Ranch in Granbury, Texas; and Dee and Jack Markwood of North Fork Land and Cat-

Camp Receives Award at Arkansas Convention

Bill Camp of CN Ranch at Casa, Arkansas received an award for raising the top galing Red Brangus bull during the recent 24th Annual Arkansas Cattlemen's Association Convention in Little Rock.

Camp's bull topped all others at the performance test held at the Southwest Research and Extension Center, University of Arkansas at Hope.

During the convention, several ARBA members informed Arkansas cattlemen about the big Red Muleys at the association's booth during the trade show. Members present were Camp, Arvel and Thelma Folks of Sallisaw, Oklahoma, and Wendell Thomason of Apple Farms at Hugo, Oklahoma. Over sixty new inquiries were collected.

Breeders interested in joining a satellite Red Brangus organization serving the states of Arkansas, Missouri, Oklahoma, Tennessee, and adjoining states should contact B. J. Camp at (501) 682-4487.

He Co. at Hotchkiss, Colorado.

Plans are already underway to carry another load of quality Red Brangus to the 84 show.

Red Brangus Breeder Receives Award in Embryo Research

The International Embryo Transfer Society, composed of 600 scientists over the world met recently in Fort Collins, CO, and jointly nominated William Marden of Bryan, TX, and C. Chang, Worcester, MA, for the Pioneer Research Award in the field of Embryo Research.

Marden and Chang collaborated back in the early fifties and successfully transferred fertilized rabbit ovum from one breed of rabbit to another. Dr. Chang, at the Worcester Foundation, would collect the ovum and ship them by air to Cambridge, England, where Marden would implant them in his synchronized English doe.

Since those pioneer days, Embryo Transfer has come into its own. Although Marden is now retired, his oldest daughter, Dr. Bea Marden-McGrath, works for Granada Genetics in Marquez, TX, continuing his research.

After spending 30 years in the field of bovine sterility and fertility and running a frozen semen laboratory, Marden enjoys selling his ketch when not required to help his wife Anne with her Red Brangus operation.

Anne Marden, a notable Red Angus breeder for 18 years decided to switch to Red Brangus when offered a chance to purchase an outstanding pink nose Red Brahman registered bull from the Gaucho Pepper Gyr line.

The bull has proven to be an excellent investment throwing, with rare exceptions, solid red calves.

The Mardens feel that broadening the Red Brangus genetic pool with outstanding F1 females and males is the best contribution they can make to the Red Brangus breed. Look for some of their animals to be featured at the Spring Spectacular.

Chief Rates "Tops" in Gain Test

Red River Chief, bred and raised by Mike Benson of JMB Farms in Sadler, Texas, placed among the all time greats in bulls that have been tested at the Cooke County College Beef Cattle Evaluation Center in Gainesville, Texas.

At only 13 months of age, Chief's statistics were ADG 4.88 lbs/day, WDA 3.07 lbs/day, an actual weight of 1,285 lbs and a frame score of 6.8. All this accomplished on a 12% protein feed ration.

Benson remarked that this performance is especially impressive considering Chief's dam was a first-calf seller, a daughter of the El Toro Rojo 2368 cow which recently saw \$23,000 bid for breeding interests alone.

Adding to the genetic potential of Chief is his line breeding by artificial insemination. His dam's sire is Mitre 7894, also Chief's sire. "789" was the top performing bull of all breeds at the Kilgore Test Center.

Benson's planning a bright future for Red River Chief and indicated he will play role in improving the JMB Farms herd.

Guerra Announces ARBA Committees

Committee assignments for the 1983 year have been released by ARBA president A. R. (Felo) Guerra of Linn, TX.

"The Red Brangus breed is experiencing tremendous growth and to keep pace with this activity, each committee will be charged the responsibility of setting up both long and short range goals," Guerra stated. "The success of the Red Brangus breed of cattle didn't appear out of nowhere, but was the result of the efforts of past committees and individuals."

Heading up the Long Range Building Committee will be Don Johnson of Brownwood, TX. Serving with him are Bob Carr, Bob Armstrong, and Jack Andrews, all of Austin, TX and C. T. Wells of Houston.

Ron Jones of Austin will again chair the Advertising Committee, serving along with Anita Metcalfe and Sonny Wallace, both also from Austin. The Beef Improvement Committee will consist of Felo Guerra, John Sonoway of Cameron, TX and Mike Levi of Spicewood, TX with Levi serving as chairman.

Vali Baskerville of San Antonio, ARBA secretary-treasurer will chair the Finance Committee. Serving with him will be Johnson, Guerra and Wells.

Member input is encouraged by contacting the chairman or members of the appropriate committee.

John Weber Named Pres-Elect of NCA

Las Vegas, Nev. — John D. Weber, Alturas, Calif., has been named president-elect of the National Cattlemen's Assn. The election took place during the final business session of the NCA convention in Las Vegas.

Weber has served during the past year as first vice president of NCA. In his new post, he succeeds W. J. (Dub) Waldrup of Texas, who was elected president. Weber has cow-calf and yearling operations in northeastern California and northwestern Nevada. The home ranch is near Alturas, Calif.

Spring Spectacular Sale Expanded to Two Day Event

To accommodate the tremendous demand for top quality Red Brangus cattle, Oakway Farms and Box "O" Farm have expanded their Fourth Annual Red Brangus Spring Spectacular to a two-day sale. The bull sale, featuring 80 top Red Brangus bulls, will be held Friday, March 25, at Oakway Farms, Cameron, Texas. It will be followed by the sale of 70 outstanding heifers on Saturday, March 26, at the Box "O" Farm, Caldwell, Texas. A complete schedule of events is listed.

Bulls were put together on a growing ration November 18 and are being kept until sale date on March 25th. The average 205 day weight on all bulls is 600 lbs, with the top 15 averaging 680 lbs at 205 days. Compare these figures with any other sale and you'll recognize

what a good set of bulls we're offering. unquestionably, the best set of Spring Spectacular bulls yet! Animals offered will be both quality and quantity for the commercial man as well as the Red Brangus breeder.

The Spring Spectacular will provide the most complete set of performance figures available in Red Brangus today, including weight, gain, frame scores and scrotal measurements, too! You are welcome to inspect these bulls at Oakway Farms, Cameron, Texas, any time between now and sale date.

Heifers were delivered to Box "O" Farm in Caldwell, Texas on January 22 to be conditioned together prior to sale date. Once again complete pedigrees and performance data will be provided, and you are welcome to go by Box "O" Farm and inspect the heifers at any time.

Rooms for the Spring Spectacular Weekend have been blocked at the following locations: Varsity Motel, Cameron, Texas — 512/897-6448; Varsity Motel, Caldwell, Texas —

713/607-4661; and Rockdale Inn, Rockdale, Texas — 512/446-6163. When calling for reservations, mention that you are a part of the Red Brangus group.

TEXAS LONGHORN NEWS

Texas Legacy Longhorn Sale

San Antonio — On Friday evening, February 25, 1983, the Grand Ballroom of the Westin Galleria in Houston will welcome over 1,000 people to the first ever Texas Legacy Show and Sale. This unique black tie event celebrates the romance of the West and features an auction of 50 purebred Texas Longhorns and an Indian and Western artifacts sale.

Co-sponsored by the Y.O. Ranch of Mountain Home, Texas and Red McCombs Ranches of Johnson City, Texas, the Texas Legacy is the first black tie ballroom sale in the history of the breed.

The 50 sale lots are comprised of 20 invitational guest consignments with the other 30 lots coming from the Y.O. and McCombs. The sale's superior Texas Longhorn females are donors and donor prospects and are, without a doubt, many of the breed's finest individuals. Top breeders have consigned animals which represent outstanding bloodlines such as Peeler, Yates, Butler and others, ensuring the intrinsic value of the animal. Consignors include: Wesley Box, Wayman Buchanan, H.C. Carter, Dave Evans, F. M. Graves, The King Ranch, J. B. Hunn, Maudeon Marks, Mel McDougle, John Roberts, Walter Scott, Happy Shahan, Cliff Woerner, Chico Wright, L. V. Baker, and H. C. Lewis.

In addition to the Longhorns, approximately 15 lots of Texas Legacy items, including pistols, saddles, Indian artifacts and more, will sell. Four or five various items will also be auctioned with the proceeds going to an, as of yet, unnamed charity. It is expected these items will raise between \$25,000 - \$50,000 for the charity.

Invitations for the gala event are \$100 per person and include the pre-sale cocktail party, dinner and the auction. For invitation information, contact West & Co., 7979 Broadway, Suite 105, San Antonio, Texas 78209, 512/882-8577. Sale management is being provided by Bill West, San Antonio, Texas and Pat Buchen, Fort Worth, Texas. The auctioneer is Col. Eddie Wood, Wynnewood, Oklahoma.

Held in conjunction with the Houston Livestock Show, the Texas Legacy promises to be one of the season's most exciting events. There will also be an investment seminar held the afternoon of February 25, consisting of a panel discussion between

Longhorn Investment Seminar to Kick-off Rodeo

Houston — Longhorn cattle, like Texans, are a breed of their own. And the romance, mystery and value of the Texas Longhorn are exactly what attracted cattle breeders "Red" McCombs of San Antonio and Charles Schreiner, III, of Mountain Home, hope to convey when they host "The Texas Legacy Show and Sale," a Texas Longhorn cattle auction as a kick-off to Rodeo Week in Houston, on Friday, February 25, 1983 at the Westin Galleria Hotel.

More than 1,000 of the country's most prominent cattle breeders and wealthiest business and social elite are expected to attend the event that will begin with an afternoon investment seminar to include a panel of bankers, tax consultants and other business professionals. That evening, a black-tie preview party and seated dinner set the stage for guests to bid on 50 Texas Longhorn cattle as well as fifteen collector items and Indian art. A sizable amount of the money raised will be donated to a Houston charity (to be named).

"Most Texans don't realize that the Texas Longhorn breed was almost extinct at the turn of the century. Twenty years ago there were only 2,500 registered Longhorn cattle in the United States," commented McCombs, a noted Texas Longhorn breeder with extensive business interests including ownership of the Denver Nuggets professional basketball team. "But, within the past five years there has been a jump in the number of Longhorn breeders and the number of Longhorns being registered. For many professionals, the Longhorn industry is a profitable hobby," added McCombs, whose prize Longhorn bull, Classic, was syndicated for \$1 million in 1982.

Schreiner, of the family-owned Y.O. Ranch, is recognized as a pioneer in preserving the Texas Longhorn breed

and was founder of the Texas Longhorn Breeders Association of America in 1964, remarked, "It is a never-ending job to preserve, protect and promote this part of Texas history." Schreiner also owns the largest herd of Texas Longhorns in the country.

In its support of the rebirth of the Longhorn cattle industry, "Texas Legacy" celebrates this tradition. The cost per person is \$100.00 which includes a preview cocktail party, dinner and the auction.
